

Training

Our experienced trainers can help you invest in your most important asset – your people. Training can be customized to your needs, whether at our factory or on-site. Trelleborg offers 3 levels of tailored training programs:

Knowing how to operate and maintain your docking and mooring equipment is essential to safe and efficient berthing operations.

	LEVEL 1	LEVEL 2	LEVEL 3
Duration	2 hours	Half day	One day
Suitability	Personnel who require an overview of the system only	Operators and maintenance crews	Maintenance crews
Maximum class size	10	10	10
